

Task 1

The following image includes the final result of css, html and javascript of all of the tasks together. I am including this as it mostly contains all the elements (10) needed to complete this task.

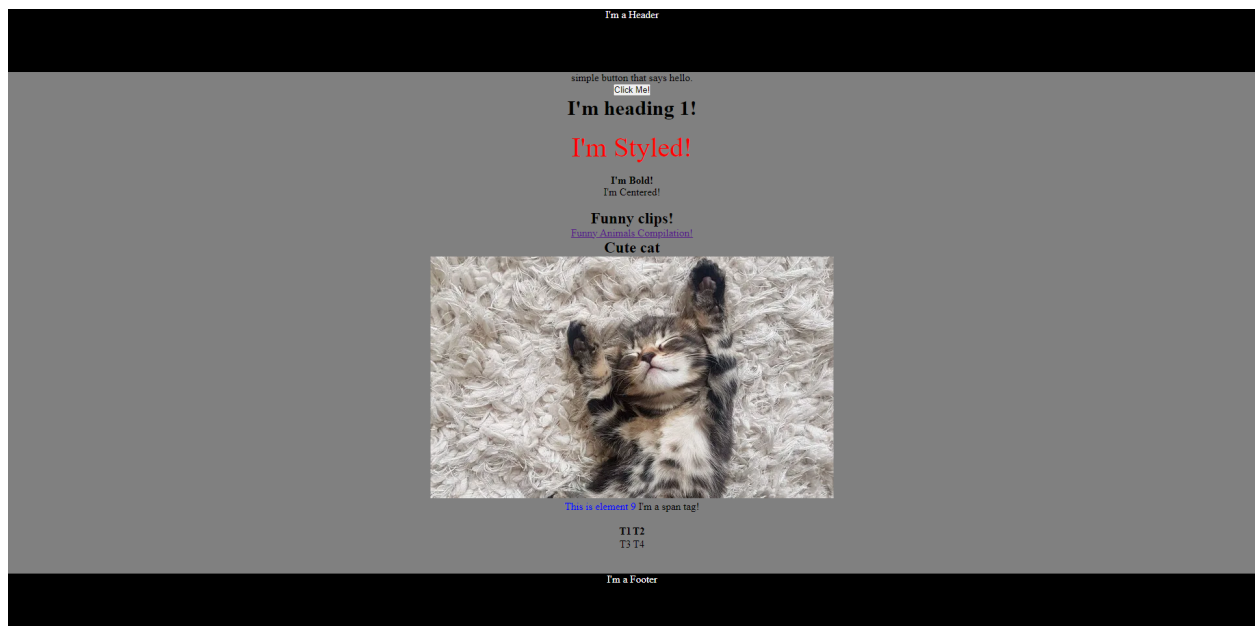

```

1  line wrap |
2  <!DOCTYPE html>
3  <html lang="en">
4  <head>
5      <style>
6          body {background-color: #808080;
7              text-align: center;
8              }
9      </style>
10     <meta http-equiv="Content-Type" content="text/html; charset=utf-8">
11     <link rel="stylesheet" type="text/css" href="style.css">
12     <!-- Week 1 Prac 1 -->
13     <title> I'm a Header </title> <!-- This is element 1 (title) -->
14 </head>
15 <body>
16     <header I'm a Header </header>
17     <p id="Box"> simple button that says hello, </p>
18     <button type="button" onclick="document.getElementById('btn').innerHTML = 'Hello!!'">Click Me</button>
19     <div>
20         <h1 I'm heading 1</h1> <!-- element 2 (heading 1) -->
21     </div>
22     <div>
23         <div class="C1">
24             <p style="color:red;font-size:42px"> I'm Styed! </p> <!-- element 3 (style css element) -->
25         </div>
26         <div class="C2">
27             <div> I'm hdd! </div>
28         </div>
29         <div class="C3"> <!-- This is element 4 (div tag with class) -->
30             <center I'm Centered!</center> <!-- element 5 (center tag) -->
31         </div>
32         <div> <!-- This is element 6 (a space tag) -->
33     </div>
34     <div class="C4">
35         <img alt="Funny Clippi</h2>
36         <a href="https://www.youtube.com/watch?v=0t4XKS937rY"> Funny Animals Compilation </a> <!-- This is element 7 (url tag) -->
37     </div>
38     <p style="text-align:right"> Cute cat </p>
39      <!-- This is element 8 (image tag) -->
40     <div class="C6">
41         <p style="color:blue"> This is element 9 </p> <span class="text"> I'm a span tag!</span> <!-- This is element 9 (span tag) -->
42     </div>
43     <div>
44         <table class="center"> <!-- This is element 10 (table) -->
45             <tr>
46                 <td>T1</td>
47             </tr>
48             <tr>
49                 <td>T2</td>
50             </tr>
51             <tr>
52                 <td>T3</td>
53             </tr>
54             <tr>
55                 <td>T4</td>
56             </tr>
57         </table>
58     </div>
59     <footer I'm a Footer </footer>
60 </body>
61 </html>

```

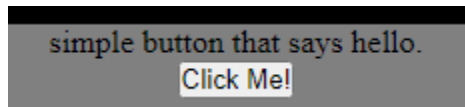

Task 2

I added cascading style to create the website layout and corrected some errors in order to make the website look more presentable.

Task 3

I used the following line `<button type="button" onclick='document.getElementById("btn").innerHTML = "Hello!!!"'>Click Me!</button>` in order to create an interactable button that depicts the word “Hello!!!” when pressed.

Task 4

<https://github.com/221152992/Week1.git>

Task 5

I created a todo list with vue code and referenced it as “app”. It takes input and adds it in the form a list.
